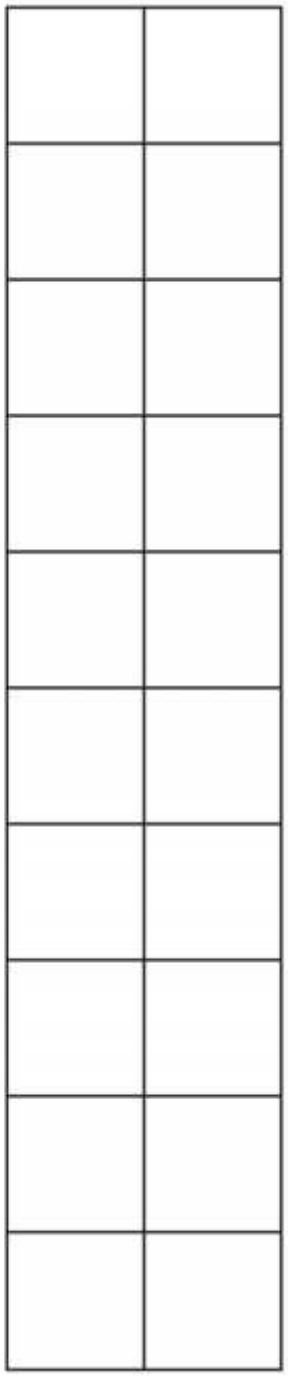
Name _____

Students are continuing to work on finding unknown numbers. Students have used a ten frame and a double ten frame with counters to help find the unknown numbers in equations. Using the frame on this page, students need to think about "How many more to make 20?

Directions: Use the frame on the page and counters to find the unknown number in the equations below.


1. 20 - ____ = 13
2. 20 - ____ = 15
3. 20 - ____ = 17
4. 20 - ____ = 19
5. 20 - ____ = 11
6. 20 - ____ = 10
