

April 13, 2015

Attendees: Charles Santini, Jon Kern, Dakota Palmer, Erica DiLunzio, Jack Salter, and Erika Smith

Special Guest: Fleming

NEXT MEETING: May 4, 2015

### **Fleming**

“Our victory in the Samsung contest is in a huge part because of the role that the alumni association played and because of that, I say, ‘Thank you.’”

Fleming suggested we should do an Alumni Community Walk or Beach Walk. Maybe coordinate with the Academy Association to pick up trash?

### **Summer Plans:**

*Waldameer:*

If we buy more combo passes, we can get a discount. You must buy at least 15 one week in advance and put a \$100 deposit down.

We discussed that we should get a grove so that we can have a home base.

We will look into dates and availability of the groves.

*Golf Tournament:*

We will start calling places over the next month.

Details we need: dates available, beer policy, if we can have food afterwards and cost, number of groups we would need and cost.

Erica D. will get us some information from CIA Robotics.

### **Alumni Travel Club?**

Many alumni are inquiring if they can join the current travel club trips internationally. She proposed doing an alumni/faculty travel club. Mr. Vieira has generally approved the idea; Erika S. is going to get more information on this.
