# A Clown's Job at the Circus

---

Today is the big show at the circus. Clowns are in the  
12 show. What is a clown's day like? Clowns wake up. They  
23 practice juggling balls. Then they paint their faces and  
32 dress up in silly costumes.

37 When do the people see the clowns? The Ringmaster  
46 knows. He calls out, "Send in the clowns!" A little car  
57 zooms out. It races around in the Big Top tent. Suddenly,  
68 it stops. One clown gets out. Another clown gets out. Ten  
79 more clowns get out! How can so many clowns fit in the  
91 tiny car? The clowns know. It's a trick!

99 The clowns keep acting funny. One throws a pie. It  
109 hits another clown in the face. Then a different clown sits  
120 down hard on a balloon. The balloon doesn't pop! The  
130 people laugh.

132 Soon the act is over. What do the clowns do next?  
143 They get ready to eat because they are hungry. Clowns  
153 work hard at the circus, but they have fun.
