

PRE-K HOME LEARNING

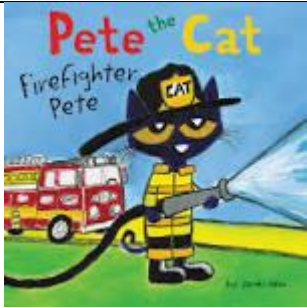

October 5, 2020 - October 9, 2020

CHOICE BOARD

Fire Safety

Choose an activity to do each day. Don't worry about crossing off the activities after you have finished. You can do these activities multiple times. If you cannot access the links in the chart below you may need to copy and paste them into your browser. Thank you for all the pictures.

Reading	Math	Science	Gross Motor	Creativity
Join Sparky at the Firehouse for this fun video https://www.youtube.com/watch?v=gHrPLeKzLg4 ***** Listen to <i>Pete the Cat-Firefighter Pete</i>	Create a firetruck out of shapes name the shapes as you put your truck together https://www.youtube.com/watch?v=f6zydgMyq1U  Draw 10 mouths and write the numbers 1 -10 above	Hot and Cold 1. Talk about why a hose is used in a fire. 2. Place rocks in the sun to absorb some heat and let your child feel them when they get warm.	Practice STOP, DROP and ROLL with the firefighters https://www.youtube.com/watch?v=2rJP0uFJvXM	Fire Painting 1. Paint a fire using your water paints or other paints you have at home. Mix red, orange, and yellow.

<https://www.youtube.com/watch?v=AvuHfFq6gI4>

Write letters or your name out of stones! If your child needs help, help them write their name or letters. Then they can place the stones onto the lines.

them. One number above each mouth. Have them count and glue the correct number of teeth (cotton balls/ pieces of white paper) in each mouth.

Make shapes using stones or popsicle sticks like a construction worker! If your child needs an example, draw some shapes and have them put the items on the lines.

3. Fill a bucket with cool water, then set the rocks in the water.

4. Talk about the changes your child can feel between the warm rocks and the wet rocks.

5. Discuss the importance of hoses on a fire truck.

Bake or make your favorite food!

Pretend to be a chef and bake or make a food! Use items you have at home to measure and follow the recipes directions.

2. Rip or cut strips of brown paper for the logs.

3. Glue them under the fire you painted.

X-ray Painting

Using a black or dark piece of paper, have your child trace their hand. Then use glue and q-tips to make the bones in your hand.
