Letter Grade Conversion Chart

To calculate your grade point average (GPA), we will use your final grades from 7th grade and your first-quarter grades from 8th grade.

Note to transfer students: We will use your final grades from the previous school year and your grades in the current quarter of this year.

GPA will be calculated using **only** your percentage scores for **Reading/Language Arts, Science Mathematics, and Social Studies**.

If your current school uses letter grades and has not supplied a conversion chart, you will need to use the chart below to convert your grades to percentages as you complete the application:

Letter Grade	Percentage
A+	100
A	96
A-	93
B+	92
B	88
B-	85
C+	84
C	80
C-	77
under C-	70

Prospective students who do NOT attend one of Erie's Public Schools **must submit hard copies of transcripts and standardized test scores in reading and math.**
