This is a medium-bodied blend of light and dark beans with a hint of acidity and tartness. Ideal as a morning cup, it has a smooth and subdued flavor that stands up well to cream and sugar.

## **COLOMBIAN SUPREMO (also available in Decaf)**

Supremo is the highest grade of Colombian coffee beans. These large beans create a medium bodied and sweet tasting coffee with a rich flavor and aroma.

## **CITY ROAST PAPUA NEW GUINEA**

This is a unique Indonesian coffee, whose trees are actually transplants from the Jamaican Blue Mountain growing regions. This coffee is roasted to a City Roast level, to bring a more full-bodied and complex flavor to an already great coffee.

## **FRENCH ROAST**

Our own blend of South American and African beans, this coffee is a full French roast and offers a rich and robust flavor. The beans are oily and roasted to a dark brown color.

## **HAZELNUT**

Rich and nutty, it perfectly complements our light roasted blend of beans to create a beverage that has become a standard in the industry.

## **FRENCH VANILLA**

Our French Vanilla flavored coffee captures the unique flavor and aroma of quality cream and vanilla pods, on our light roast blend of beans.

## **JAMAICAN ME CRAZY**

This light roast coffee blend will remind you of the tropics -- a beautiful blend of vanilla, caramel, and Cafe Maria Liqueur flavors.

## **SOUTHERN PECAN**

The rich smooth flavor of lightly toasted pecans from the deep South. A simply elegant delight – morning, noon or night!
