These activities are not considered a part of the standard services furnished by teachers. In the event that teachers are utilized to conduct athletic or extra-curricular activities as noted above, the additional stipend to be paid for such extra services by teachers shall be as set forth in Appendix 6.

The length of individual work days for individual employees or groups of employees can vary for different days, and from building to building, provided that over the course of the entire school year, the total work time does not exceed seven hours and ten minutes times the number of days in the work year, and so long as the 8:00 a.m. and 4:00 p.m. time limits are not exceeded. Alternative schedules, when they exist, may be established at any time by voluntary agreement of the affected teachers and the building principal. The day for this one-half (1/2) hour shall be chosen by the teacher, but shall not be a Friday unless expressly authorized by the principal. I. Faculty meetings will be held during regular school hours, normally once a month, and will be as brief and meaningful as possible. Situations may arise which would require additional meetings at the request of the Principal or Association building representative. Except in cases of emergency, the total number of meetings will not exceed two (2) per month.

J. The working day of homebound teachers shall be no longer than the working day of the regular teacher.

ARTICLE VI TEACHING CONDITIONS

- A. Where physical facilities allow, without impinging on instructional areas, the Board will make available one furnished room vented by window or fan, which shall be reserved as a faculty lounge. When new schools are constructed or when existing schools are renovated, at least one faculty lounge shall be included.
- B. Where physical facilities allow, the Board will make men's and ladies' restroom facilities available for the exclusive use of staff personnel. When new schools are constructed, these facilities will be included. Where requested, the Board shall investigate the conditions of restroom facilities and where they are found to be inadequate, initiate plans to remedy the situation.
- C. The Board shall make available a telephone in each school for teachers to use and privacy assured when requested. When new buildings are built, or existing buildings are substantially renovated, telephones shall be installed in each classroom.
- D. When facilities allow, off-street parking shall be provided and identified as restricted for the use of all employees of the School District. The maintenance of these facilities shall include systematic snow removal and the District shall make a good faith effort to remove snow prior to the opening of school.
- E. All announcements shall be made prior to the commencement of the first period or at the end of the last period of the day or before the departure of students for first lunch period except in cases of emergency.
- F. Teachers will have free access to appropriate duplicating and typing equipment to aid them in the preparation of instructional materials.
- G. The principle responsibility for maintaining discipline remains with the teacher. It is recognized, however, that there are times when teachers will have to make use of special disciplinary procedures. In this connection disruptive students may be removed from the regular classroom or school when, in the professional judgment of the teacher, normal corrective measures have been ineffective in bringing about satisfactory improvement. Such student shall be reported to the Principal and he/she may take whatever action that he/she deems necessary except that he/ she may not return the student to the classroom of the same teacher, or retain the student in school without the teacher's approval.

If this disruptive student is assigned to the regular classroom of another teacher, this teacher shall be apprised of the conditions and circumstances which led to that student's removal. He, too, has the right to refuse to accept the disruptive student in his classroom. If this disruptive student is assigned to another school, the teacher committee of the

receiving school shall be apprised of the conditions and circumstances which led to that student's removal.

They, too, have the right to refuse the acceptance of the student in their school.

If the principal or any other administrator feels that the disruptive student should be considered for return to the regular classroom or school against the wishes of the teacher, a committee of three (3) teachers from the building selected by the teachers in that building shall meet and decide whether or not the student should be returned to the regular classroom or permitted to attend school. This committee shall utilize school specialists and the principal, if needed, to help formulate their decision. The decision of this committee shall be limited only to the question of whether or not the student should be returned to the regular classroom or permitted to attend the same school. If the student is not returned to the regular classroom or school, he/she shall be returned to the principal for further action. If, at a later day, it appears that this student should be returned to his regular class or school, the Board shall refer the matter back to the committee for approval.

Incorporated herein and made a part hereof by reference is the Consent Decree entered in the United States District Court for the Western District of Pennsylvania, Civil Action No. 34-75 Erie, signed by the Honorable William W. - Y.1) Any complaints by parents of a student or by members of the community that are directed toward a teacher and are to become a matter of record shall be called to the teacher's attention within two (2) working days.

**ARTICLE VII
TEACHING CONDITIONS FOR IMPLEMENTING
PUBLIC LAW 94-142**

- A. In conformity with the intent of the regulations and standards adopted for the implementation of P.L. 94-142, no teacher shall be evaluated on the basis of the student's attainment of the goals outlined in any Individualized Educational Program for that student. However, this section does not relieve the School District and its teachers from making good faith efforts to assist the students in achieving the objectives and goals listed in the Individualized Educational Programs.
- B. It is the responsibility of the Board annually to provide in-service training to all teachers whose assignments require them to teach students who have Individualized Educational Programs. Such in-service training shall focus on P.L. 94-142, other relevant laws, regulations, and standards of a like nature and shall address especially the technical aspects involved in developing Individualized Educational Programs and satisfying the requirements of law. Such in-service training shall be held during the work day and work year. This section shall not be deemed to require the School District to provide a work year extending beyond the contracted teacher school work year.
- C. No teacher shall be required by the Board to dispense or administer medication or perform any other medical function.
- D. When any teacher is required to participate in a conference, review, evaluation, re-evaluation, or any meeting or hearing as a result of the need to fulfill the provisions of P.L. 94-142 and other appropriate state and federal regulations and standards, such meetings shall be scheduled with the teacher's consent and during the regular work day and work year where possible. Teachers shall be compensated for all additional time

beyond the regular work day or year at their hourly per diem rate.

When a teacher is required to participate in a due process hearing in accordance with the provisions of P.L. 94-142, he/she shall be given at least forty-eight (48) hours notice of the time and place of such hearing and he/she shall be provided with all the basic facts of the case (within legal limits) at least forty-eight (48) hours before appearance at the due process hearing under applicable laws and regulations.

- E. If the teacher determines that a special education student cannot physically, mentally, or emotionally function in his classroom placement, the teacher may request in writing that an IEP team meeting be conducted within a reasonable time but not more than sixty (60) days from the date of such request. The student shall then be placed in accordance with the IEP team's recommendations, subject to the requirements of the IDEA. The IEP team shall be selected in accordance with the law but, when possible, shall include, but not be limited to, the parent, and LEA, a regular education teacher who services the student, and a special education teacher who services the student.

Should the parent or guardian of a reassigned student challenge successfully such reassignment pursuant to the appeal procedures enumerated in P.L. 94-142, other applicable laws, standards, and regulations, the Board shall provide the affected teacher with such assistance, including staff and technical resources, which are required as a result of such appeal.

- F. Prior to the placement of a student in a reassignment of that student, at the request of the receiving school, there shall be a staffing to inform the receiving teacher about the reasons for the reassignment. The personnel involved in such staffing shall include but not be limited to: the sending teacher, the receiving teacher, the counselor involved, the special education teacher, if involved, the school psychologist, if involved, and the receiving principal at his/her option. For purposes of this section a reassignment of a student shall mean (1) a change of special education category of such student (e.g., a change from learning support to life skills support), (2) a transfer of a special education student into the District, or (3) a movement or change of such student for reasons other than normal progression, change of residence, or class overload as mandated by Special Education standards.
- G. Teachers who must be involved in the writing of IEP's shall be compensated at their per diem hourly rate if such work occurs after the regular work day with a minimum payment of not less than one (1) hour for such work.

ARTICLE VIII TEACHER TRANSFERS

A transfer is defined as a change of building assignment.

- A. When increases in professional personnel due to increased student enrollment, expansion of programs, or opening of new buildings, or when reduction in professional personnel due to reduced student enrollment, curtailment of programs, and closing of buildings, voluntary requests for transfer shall be given first priority on the basis of seniority provided the teacher is certified.

All other voluntary or involuntary transfers not defined in the above paragraph, shall be on the basis of seniority provided the teacher is certified.

- B. When requested, a meeting with the Director of Human Resources shall be scheduled to discuss the reasons for the transfer.
- C. Teachers shall be given an opportunity to apply, without giving reasons, for transfer to be effective the next school year if the application is made by April 15 on a form provided by the Human Resources Department.
- D. Teachers may apply for transfers to be effective during the school term in which application is made, provided that in such cases, the teacher states the reason for the transfer request.
- E. 1) Except as provided in paragraph two below, there shall be one posting per year. By April 10, the Board shall post a list of known vacancies arising since the last posting in all school buildings. The April 10 date may be adjusted by agreement if necessitated by holiday recess. Teachers may make application for such vacancies no later than April 15, the transfer to take effect the following school year. A successful bidder must respond to the District in writing or by email no later than three working days after notification of being awarded a position. All vacancies arising between the posting dates, including those created by bids on posted vacancies, will be filled as the District deems appropriate until posted. Posting will not be required unless the position still exists and has not been eliminated by the District. If bargaining unit members apply except as provided in (3) below, positions will be awarded to the most senior certified applicants.

2) When the District implements programs, other than regular curriculum including but not limited to night school, summer school, ECIA Chapter 1, ECIA Chapter 2, ISS, etc., the positions shall be posted one month prior to the beginning of the program.

If bargaining unit members apply, positions shall be filled by the most senior certified applicants. If the District receives unequivocal notice that a position covered by this paragraph has been vacated within five (5) working days of the start of the assignment, the position shall be offered in order of seniority to those who made proper application for the vacated position at the time it was initially filled. If a position covered by this paragraph is vacated more than five (5) working days after the start of the assignment, the District may fill the vacancy as it deems appropriate.

3) The District shall have the right to designate at any given time a total of ten (10) identified bargaining unit vacancies as “special-qualification positions” which may

require objective, job-related qualifications in addition to the successful applicant holding appropriate certification. Prior to posting such positions, these qualifications will be determined and agreed upon by both the District and the Association, whose agreement shall be exercised in good faith and cannot be unreasonably denied. It is understood that objective, job-related qualifications will not be building-specific or gender-specific (unless a bona fide occupational qualification).

The District will inform the Association about anticipated needs for “special qualification” positions so that employees can be made aware of the future opportunity for such positions.

If two or more applicants from within the bargaining unit have the same agreed-upon qualifications, the most senior qualified applicant will be awarded the position. If no qualified bargaining unit members apply, the District may award the position to outside applicants. No teacher in an encumbered position shall be transferred or removed from that position involuntarily, and no encumbered positions may be eliminated from a building, for the purpose of accommodating the placement of personnel in “special-qualification positions.”

In addition, the District and Association may agree at any time that additional positions are sufficiently unique to justify additional qualifications. The Association shall have the absolute right to decline to agree to expand the number of positions beyond 10.

- F. If a teacher who is new to the Erie City Schools is employed to fill a vacancy that occurs during the school year, he/she will be advised that his/her teaching assignment is temporary and that he/she shall be transferred if a certified teacher in the school system requests to be transferred to this position at the beginning of the coming school year.
- G. Teacher assignments based on projected enrollments will be given to the teachers on or before June 30. In the event of a change the reason will be given. Changes in assignments shall be communicated to the teacher affected as soon as possible.

If a position is eliminated and reopened, the teacher holding the original position shall be given the first choice to return to this position. In the event the displaced teacher is furloughed, seniority shall apply in filling the position.

Recall of furloughed teachers shall be done by seniority.

- H. Supplemental positions as contained in Appendix 5 and Appendix 6 shall be filled as follows:

All vacancies in supplemental positions shall be posted for a period of at least two (2) calendar weeks.

The Board will fill such vacancies with the most qualified candidate from within the bargaining unit who has made proper application within the posting period. Qualifications as stated above shall be pre-determined by the Board based upon

pre-determined objective criteria which shall be specifically stated in the posting. Criteria posted for one position shall not bind the Board to such qualifications in future positions.

If no candidate from within the bargaining unit, who has applied during the posting period, meets the pre-determined qualifications as specifically stated in the posting, the Board may advertise and accept applications from outside the bargaining unit. Applicants from within the bargaining unit who have not previously applied may make application and be considered during this period. The Board may fill the position with the most qualified applicant who meets pre-determined criteria as specifically stated in the posting. In the event two (2) or more applicants are determined by the Board to have equal qualifications, seniority with the Erie City School District shall be the determining factor.

Assistant coaches will be hired upon the recommendation of the Head Coach of each sport with the approval of the building principal. Candidates from outside the bargaining unit will be employed only in the event there are no qualified applicants from within the bargaining unit.

A committee will be established under the provisions of Article III, Section H. 1 and 2 to develop an evaluation instrument to be utilized in the evaluation of individuals holding supplemental positions as contained in Appendix 5-1 to 5-2 and Appendix 6. Such instrument may be used in the evaluation of the individual's performance in supplemental positions only. It will be separate and distinct from a professional employee's evaluation and/or rating and will have no effect or influence upon a professional employee's rating, evaluation or employment status.

All supplemental positions are for one (1) year only and the Board has sole discretion to reappoint incumbents or to open the position for new applicants.

- I. Upon completion of satisfactory performance by formal evaluation of four (4) separate semesters (each of at least forty-five [45] days) as a long term substitute, long term substitutes shall be considered for vacancies in their areas of certification as they become available through the posting process. All provisions of Article VIII will then apply. It is understood and agreed that long term substitutes who do not complete four (4) separate semesters of satisfactory service as referred to above will not have any bidding rights as contained in Article VIII (request for transfer and bidding on vacancies). The School District of the City of Erie reserves the right to employ long term substitutes as permanent employees prior to the completion of four (4) semesters of satisfactory service.

Any long term substitute employed prior to the adoption of this agreement and on staff on the date of this agreement shall be governed by the terms of the contract in its entirety including but not limited to Article VIII.

- J. The following procedure will apply when a supplemental or extra duty position governed by Sections E (2) or H is posted for bid and the successful bidder already holds another

such position which will “overlap,” or, be performed during at least a part of the same calendar period. The awarding of the new position will occur only after review by, and approval of a majority of, a committee consisting of two Association representatives and two District representatives. The purpose of the Committee will be to determine whether it is prudent and reasonable for the employee to hold more than one special position at the same time in addition to regular professional responsibilities. The decision of the Committee shall be final and binding for that particular position. If the Committee is evenly divided, the President of the Association and the Superintendent will appoint a mutually acceptable party who shall break the tie.

- K. Temporary Assignments. Starting July 1, 2009, an employee cannot be temporarily assigned to a position different from his/her encumbered position for more than two years. If agreed by the District, the Association and the employee, the temporary assignment may be extended to a third year.
- L. If an employee who is rated unsatisfactory bids into a different building for the subsequent school year, a conference shall be held between the new building administrator, the former building administrator, the employee, an EEA representative, and the Director of Human Resources for the purpose of insuring that the new building administrator is aware of the concerns from the prior year and any remedial efforts related to those concerns.
- M. Effective with new employees hired for the 2009-2010 school year, employees initially hired for special education positions shall be ineligible to bid on vacancies outside of special education until the April posting of their second year in which they have a bid number.

ARTICLE IX LEAVES AND ABSENCES

- A. 1) Ten (10) days of sick leave shall be credited annually to each teacher in accordance with Section 1154A of the School Code. The total unused portion of the annual sick leave allowance shall be permitted to accumulate indefinitely. Sick leave accumulated prior to a leave of absence shall be credited to the teacher upon return from the leave.
- 2) Teachers shall be credited with and may use their annual and accumulated sick leave as of the first day of their employment year even though they have not been able to report for duty on that day, provided that the teacher notifies the principal, or the Human Resources Department if the principal is not available, that he/she will be unable to report because of personal illness.
- 3) Teachers employed in summer school programs shall be granted two (2) sick days for use during said school period. Sick days not used during the said period of time will be added to the regular sick day account of the employee.

In special cases, the Superintendent may use his discretion to extend time. A letter giving pertinent facts must be submitted to the Human Resources Department. Absence for this reason shall not affect accumulated sick leave.

C. 1) The Board may grant, upon application, leaves of absence without pay for graduate programs of study approved by the Superintendent. Such leave shall result in no loss of seniority.

2) The Board may grant, upon application, leaves of absence without pay for the purpose of a teacher participating in teacher exchange programs in other states, territories, or countries; foreign or military programs; Peace Corps Programs, Teachers' Corps Programs, or Job Corps Programs. Such leave shall result in no loss of seniority.

D. Teachers returning from Graduate Study Leave or other leaves as authorized in Section C-2 herein, will be reinstated in the following manner:

1) If the teacher's position at the beginning of the leave has been filled by a temporary employee, the teacher will be returned to that position.

2) If the teacher's position at the beginning of the leave has been filled by a permanent employee, the teacher will be returned to a similar position.

3) If, while the teacher is on leave, a reduction in force has occurred and more senior teachers have been laid off, thus precluding the teacher's return as described in paragraphs 1 and 2, the teacher's name will be placed on the Eligibility List for return on the basis of District seniority. A teacher so placed on the Eligibility List will be appointed before any new applicant.

E. Absence due to injury (other than assault) which is compensable in accordance with Workers' Compensation shall not be charged against the teacher's sick leave days and the Board shall continue his salary and benefits for the duration of the absence, but not to exceed one (1) calendar year from the date of injury, provided the teacher agrees in writing to return to the Board any Pennsylvania Workers' Compensation and Social Security benefit payment related to the injury.

Any benefit payments under a teacher's private insurance program need not be returned to the Board.

If the teacher fails to reimburse the Board as agreed, continuation of his salary and benefits shall cease.

Injuries occurring as a result of assault are covered under other provisions of this agreement.

F. 1) A teacher absent from work because of mumps, scarlet fever, measles, chicken pox, tuberculosis, pink eye, or head lice contracted during the school year shall suffer no diminution of compensation and shall not be charged with loss of personal sick leave.

2) No loss of personal sick leave shall result from a case of scabies, if such is certified by a qualified physician and such certification is presented in writing to the Human Resources Department.

G. A teacher whose personal illness as certified by a duly qualified physician extends beyond the period compensated by the Board may be granted a leave of absence without pay for the duration of the illness. Such leave shall not extend beyond one (1) calendar year. Requests for such shall be made in writing to the Board.

H. Teachers on leave without pay shall receive no fringe benefits or service credits during the period of such leave except as otherwise provided by law. However, teachers whose paid sick leave expires prior to their being able to return to work will have their hospital, medical, surgical, major medical, and life insurance coverages continued for any unpaid sick leave extension granted under Section G of this contract or until their return to full-time employment, whichever occurs first.

I. 1) Teachers shall be granted a military leave of absence for reserve training for a period of fifteen (15) days with pay as prescribed by law.

2) As prescribed by law, teachers shall be granted military leave of absence without pay for such length of time as is necessary for the teacher to meet his military obligation.

J. 1) Court leave with pay shall be granted to teachers for time necessary to make appearance in any court proceeding resulting from activities relating to the teacher's employment with the School District if the teacher is required by law to attend.

2) If a bargaining unit employee is absent from duty because of summons to jury duty,

no deduction in salary will be made. The employee shall pay to the School District all jury pay received, excluding expense reimbursement.

3) Criminal Court

If an employee shall be required to appear in a criminal court on charges related to an action or actions of said employee which were performed in the course of his/her employment, and said employee is charged with a misdemeanor, the employee shall be entitled to his/her regular rate of pay for absences that occur on a school day or school days and/or in-service day(s). If an employee shall be required to appear in a criminal court on charges related to an action or actions to said employment which were performed in the course of his employment and is charged with a felony, said employee shall be entitled to his/her regular pay for absences that occur on a school day or school days and/or in-service day(s) only if said employee is exonerated of the charges.

4) Civil Court

If an employee shall be required to appear as a witness and/or defendant in cases relating to the performance of the duties by said employee or by another employee of the School District of the City of Erie, or if an employee shall be required to appear as a witness for the School District of the City of Erie in any civil case, and the attendance of said employee shall occur on a school day or school days and/or in-service days, the employee shall be entitled to his/her regular pay for absences occasioned by attendance in the instances enumerated in this paragraph.

K. Sabbatical leaves shall be granted to teachers in accordance with the School Code, Article XI, F; Section 1166, 1167, 1168, 1169, 1170, 1171.

Emergency leave shall not be deducted from sick leave and is not cumulative from school year to school year.

M. Upon written application to the Superintendent, an unpaid leave of absence for a specified period of time and purpose may be granted to a teacher not to exceed ten (10) working days at the discretion of the Board.

N. Tenured teachers, returning from leaves of absence, shall retain their tenure status upon return from leave.

Employees shall be entitled to three (3) days of personal leave.

Requests for personal leave shall be made through the principal at least one (1) week in advance of the day requested.

No more than five (5) personal leave days may be accumulated for any school year; nor may any employee utilize more than five (5) personal days in any school year. Any additional days not used shall be credited to the employee's accumulated sick leave as of the beginning of the following school year. Only three (3) personal days may be used at any one time. All unused personal days will be treated the same as unused sick days per Article IV. D. Unused Sick Pay.

On a given day, not more than thirty (30) total bargaining unit members shall be absent on personal leave to protect the normal functioning of the district. Personal leave shall be granted on the basis of first requested. Personal leave requests that exceed thirty (30) on any given day may be granted at the discretion of the Superintendent or his/her designee.

ARTICLE X PARENTAL LEAVE

A. Leaves of absence shall be granted to employees on account of maternity under the following terms and conditions:

1) As soon as pregnancy is determined, the employee shall notify the Director of Human Resources, in writing, of such pregnancy and of the expected date of birth.

After giving such notice, the employee may submit a request for a leave of absence.

The leave of absence shall commence at a time to be agreed upon between the employee and her doctor with notification to the Director of Human Resources. Except in unusual cases, such leave will commence not sooner than one (1) month after the request for leave has been submitted. In cases where the employee desires to work beyond the sixth month of pregnancy, she must obtain from her attending physician written advice that the performance of her regular duties is within her capabilities. In the event that such working employee does not provide such written medical evidence on at least a monthly basis beyond the sixth month of pregnancy, she may be required to commence her leave of absence forthwith.

2) The leave of absence shall ordinarily be for a fixed period up to a maximum of two (2) years. If the employee desires to return to work before the expiration of the leave, the request must be submitted, in writing, to the Director of Human Resources at least thirty (30) days prior to the desired date of return.

3) Another pregnancy incurred during the period of a leave cannot be used to gain an additional concurrent maternity leave.

The Board shall save the Association, its officers and members harmless in the event of legal action.

4) The employee applying for and securing a leave of absence under the provisions of

this Section shall not receive salary from the effective date of said leave until the return to active service in the school system. However, while on maternity leave as herein defined, the employee is entitled to sick leave for disabilities, abortion, childbirth, and recovery therefrom, according to guidelines by the Equal Employment Opportunity Commission, Part 1604.10, issued under the Civil Rights Act of 1964.

5) In all cases of maternity leave of absence, the employee desiring to return from such leave must present, prior to such return, certification from the attending physician, on a form to be provided by the Human Resources Department, that the employee is able to return to full-time employment.

B. Leaves of absence shall be granted to employees on account of adoption under the following terms and conditions:

1) As soon as a date of adoption can be determined, the employee shall notify the Director of Human Resources, in writing, of such date. After giving such notice, the employee may submit a request for a leave of absence.

2) The leave of absence shall ordinarily be for a fixed period up to a maximum of two (2) years. If the employee desires to return to work before the expiration of the leave, the request must be submitted, in writing, to the Director of Human Resources at least thirty (30) days prior to the desired date of return.

3) Another adoption during the period of a leave cannot be used to gain an additional concurrent adoption leave.

4) The employee applying for and securing a leave of absence under the provisions of this Section shall not receive salary from the effective date of said leave until the employee returns to active service in the School System.

C. Child Rearing Leave

Teachers who are fathers of newborn infants or who become a parent of an adopted child (pre-school age) shall be eligible for a child rearing leave immediately following the infant's birth or adoption.

The leave shall be for a period of up to twelve (12) months. All extensions or renewals of leave shall be applied for in writing and may be granted in writing by the Board. In no event shall such extension be for more than a twelve (12) month period. The beginning date for child rearing leave will be determined by the date of birth or date of adoption. The teacher shall give at least thirty (30) days' notice before the expected date of such leave, except in cases where such prior notice is not possible. Return to work may be made at any time within twelve (12) months after the commencement of the leave, provided at least fifteen (15) days' notice in writing is given to the immediate supervisor.

The employee applying and securing a leave of absence under the provisions of this

Section shall not receive salary from the effective date of said leave until the return to active service in the school system.

- D. All male employees are granted one (1) day leave of absence for parental responsibilities at time of birth of son or daughter. An employee shall be granted one (1) day of leave of absence for parental responsibilities at the time of adoption of a son or daughter. This may be extended in unusual situations with the approval of the Superintendent of Schools if a letter giving pertinent facts is submitted to the Human Resources Department. The one (1) day leave granted under this Section shall be without loss of pay by the employee.
- E. Teachers returning from Adoption or Maternity Leave will be reinstated in the following manner:
- 1) If the teacher's position at the beginning of the leave has been filled by a temporary employee, the teacher will be returned to that position.
 - 2) If the teacher's position at the beginning of the leave has been filled by a permanent employee, the teacher will be returned to a similar position.
 - 3) If, while the teacher is on leave, a reduction in force has occurred and more senior teachers have been laid off, thus precluding the teacher's return as described in paragraphs 1 and 2, the teacher's name will be placed on the Eligibility List for return on the basis of District seniority. A teacher so placed on the Eligibility List will be appointed before any new applicant.

ARTICLE XI PROMOTIONS

- A. Whenever a promotional vacancy or a new professional promotional position occurs in the Erie City Schools, the Board shall post a notice of such vacancies or permanent promotional positions upon the main bulletin board in each school in the District. This posting shall set forth a general description of the required qualifications for the position including a general description of the duties at the time, salary information, and application information. No vacancy shall be filled except on a temporary basis until such vacancy shall have been posted for a period of at least two (2) calendar weeks. The Board shall notify each applicant of the disposition of his application for the position. Such temporary basis shall not extend beyond the beginning of the following school year.
- B. Any teacher may apply for such vacancy or position as described in paragraph "A" above. Applications will also be accepted from qualified personnel outside the District and/or bargaining unit. In filling such vacancy, or position, the Board agrees to give due weight to the professional qualifications of all applicants related to the posted position. The Board will fill the position with the applicant who is most qualified.

C. If the Board determines that two or more applicants are equally qualified, the applicant, if there should be one, with the longest continuous service in the Erie School District will be appointed.

**ARTICLE XII

A. Health Insurance

1) Benefits. The District will make available, to all new employees on the first day of employment, health care benefits as provided in the existing “PPOBlue” plan, as modified below.

The existing “PPOBlue” plan shall be modified as follows:

2) Employee Contribution

a) All employees enrolled in health insurance coverage, regardless of category of coverage, will pay the following amounts each month through payroll deduction:

Effective July 1, 2019:	\$100
Effective July 1, 2020:	\$110

The district shall establish and maintain a Section 125 plan to enable tax free coverage of the premium share amounts.

b) An employee enrolling in any category of dependent coverage must pay, through payroll deduction, an amount equal to 80% of the cost of the dependent portion for the first year of enrollment for such coverage. Employees will receive credit for

dependent coverage payment made prior to the effective date of this contract. If the dependent coverage category of an employee changes at any time so as to normally result in a greater employee contribution, 80% of the difference between the old and new amount is to be deducted for the one-year period before such additional contribution amount is to be waived. Employees paying for dependent coverage under this section shall have their obligation spread over three years, during which the monthly premium sharing payments set for in (a) above will not be required. The total owed by an employee will be based on the cost difference in the first year.

c) The above paragraph will not apply for employees hired after 7/1/2016. They may add spousal/dependent coverage at any time with no cost.

3) It is understood that individual differences between individual applicants, beneficiaries, the processors of claims, and the insurer(s) are not subject to the grievance procedure of this contract if the health insurance carrier selected by the District at any time comes under the jurisdiction of the Pennsylvania Insurance Commission. In the event the health insurance carrier selected by the District at any time does not come under the jurisdiction of the Pennsylvania Insurance Commission, individual differences between individual applicants, beneficiaries, the processors of claims, and the insurer(s) are subject to the grievance procedure of this contract. The normal claims procedure of the insurer(s) shall be utilized prior to appeal to the Pennsylvania Insurance Commission or utilization of the grievance provision of this contract as provided above.

4) If at any time the health insurance that the Board provides is other than as outlined in the Blue Cross/Blue Shield PPO Blue Benefits as of 7-1-09 reflected in Appendix 11, then the Association at its option may demand the implementation of the following special grievance procedure: the arbitration panel will consist of three (3) members, all of whom will be selected through the American Arbitration Association. The selection process for the panel and the procedures that the panel will follow will be governed by AAA rules, unless those rules are specifically modified by this agreement. The arbitrators will be selected, hold hearing(s), receive briefs if requested, and render a decision within sixty (60) days.

5) The decision of the arbitration panel will be final and no appeal may be taken to any forum by either party. The question to be submitted to the arbitration panel shall be as follows: Is the insurance that the District is carrying equivalent to or greater than the benefits outlined in the Blue Cross/Blue Shield PPO Blue Benefits as of 7-1-09 reflected in Appendix 11.

6) If the decision is that the insurance is not equal to or greater than the benefits outlined in the Blue Cross/Blue Shield PPO Blue Benefits as of 7-1-09 reflected in Appendix 11, the Board shall immediately solicit bids for a replacement carrier to provide insurance equal to or greater than the benefits outlined in Appendix 11, stipulating receipt of said bid within thirty (30) days of the date that the arbitration decision issues. The Board shall select a carrier from bids received in timely manner and shall institute the coverage under the new carrier no later than sixty (60) days after the date the arbitration decision is

issued. However, the insurance carrier so selected must offer insurance equal to or greater than that of the current benefits outlined in the Blue Cross/Blue Shield PPO Blue Benefits as of 7-1-09 reflected in Appendix 11.

7) No member of the bargaining unit shall suffer monetary loss due to the Board selecting a health insurance carrier other than benefits outlined in the Blue Cross/Blue Shield PPO Blue Benefits as of 7-1-09 reflected in Appendix 11, except in cases where the bargaining unit member would have suffered the same or greater loss under the benefits outlined in the Blue Cross/Blue Shield PPO Blue Benefits as of 7-1-09 reflected in Appendix 11. The District shall assume responsibility for any loss suffered.

8) If the current health insurance carrier selected by the District at any time does not come under the jurisdiction of the Pennsylvania Insurance Commission, the revisions of Article XII, Section A, Paragraph 2, shall be waived by the parties.

9) The District may, at its discretion, offer cash incentives for employees to decline insurance coverage, provided that it shall not do so in a manner that jeopardizes the non-taxable status of insurance benefits provided to those who do not take advantage of such incentives.

B. Life Insurance and Accidental Death and Dismemberment. The Board shall provide without cost to teachers life insurance protection which shall pay to the employee's designated beneficiary upon death \$35,000 and Accidental Death and Dismemberment protection in the amount of \$35,000.

Death Benefit

The Board will provide a \$3,000 death benefit made payable to the employee's beneficiary or estate with the following restrictions:

- 1) ten (10) consecutive years in the Erie School District
- 2) must retire into the Public School Employees' Retirement System
- 3) payment of death benefits shall be based on the contractual amount in effect at the time of retirement.

C. Other Insurance Benefits

1) The Board will provide insurance coverage when a teacher, while on school premises or on school business, suffers a physical disability as a result of a student's or non-student's malicious assault. The total benefit under this coverage, including payments from Pennsylvania Workers' Compensation, Social Security, and Insurance, will be 70% of the teacher's salary at the time of the assault. Said coverage shall continue for the period of the disability or until the teacher voluntarily retires or reaches age 65, whichever is first in time.

2) Absence due to injury and disability as a result of an assault by students or non-students on school property or on school business shall not be charged against the teacher's sick leave days and the Board shall continue his salary and benefits for the duration of the absence, but not to exceed two (2) calendar years from the date of the injury, provided the teacher agrees in writing to return to the Board any Pennsylvania Workers' Compensation, Social Security, and other Insurance Benefit Payments or monies obtained (not to exceed payments made to the teacher by the School Board) relating to the assault.

Any benefit payment under a teacher's private insurance program need not be returned to the Board.

If the teacher fails to reimburse the Board as agreed, continuation of his salary and benefits shall cease.

D. Tax-Sheltered Annuities

Teachers may participate in a Tax-Sheltered Annuities Program. The Board shall administer the program at no expense to teachers. This program shall be provided by qualified companies as approved from time to time by the Association. The companies participating in the Tax-Sheltered Annuity Program shall number no more than nine (9).

E. Dental Plan

The Board shall provide a dental plan with full paid individual and family coverage.

The benefits shall be as follows:

<u>Dental Services</u>	<u>Dental Treatment Costs</u>	
	<u>Paid by Carrier</u>	<u>Paid by Patient</u>
Diagnostic	100%	0%
Preventive	100%	0%
Restorative	100%	0%
Oral Surgery	100%	0%
Endodontic	100%	0%
Periodontic	100%	0%
Prosthodontic	50%	50%
Orthodontic	50%	50%

Maximum - \$1,000 per person, per calendar year, with a separate orthodontic maximum of \$1,000 per case.

F. Vision Plan

The Board shall provide a vision care plan for the teacher, without cost to the teacher, including family coverage at no cost to the teacher, the benefits of which shall be as

provided in Manage Vision Care Option 1 as reflected in Appendix 13 of this Agreement.

- G. The Board shall allow those teachers on maternity leave or child rearing leave to reimburse the District for premiums for hospital, medical, surgical, and major-medical insurance benefits as set forth in Paragraph A of this Article while such teacher is on leave.

Premiums must be paid in advance in accordance with District payment schedule.

- H. Effective July 1, 2020, retirees shall contribute an amount equal to the current employee monthly contribution, in addition to the PSERS premium assistance, for District-provided health insurance.

- 1) Teachers who retire into the Public School Employees' Retirement System may continue their membership under hospital, medical, surgical, major-medical insurance and dental insurance programs as may exist now or hereafter up to age 65 or when they become eligible for Medicare, whichever occurs first, provided they pay to the District at a time specified by the District a lump sum necessary to cover the entire cost of the annual premium. Benefits available to future retirees shall be the same as are provided to active employees, as modified from time to time.

Notwithstanding anything above which creates an obligation on the part of the District to provide benefits at its expense, the District's obligation shall, for any of the negotiated benefits, be reduced by an amount equal to any subsidy for such benefits a retired employee is eligible to receive from the PSERS, whether payable directly to the employee or to any insurance provider. The intent of this section is to fully offset available PSERS subsidy payments against the District's portion of the monthly cost of benefits. It is also understood that retirees will pay the premium share that is required of active employees. It is understood that premium assistance is paid to the district only as long as the employee receives insurance from the District.

- 2) The Board shall provide paid hospital, medical, surgical and major medical insurance benefits for retirees at any age who qualify with twenty-five (25) years of service in the Pennsylvania Public School Retirement System and have at least ten (10) years with the Erie School District; or who are age 62 with at least ten (10) years of service in the Erie School District; coverage effective up to age 65 or when they become eligible for Medicare, whichever occurs first; coverage will remain the same as in effect at time of retirement and will only decrease if the retiree no longer has eligible dependent(s); dependent coverage may not be increased from what was in effect at time of retirement.

- 3) This provision shall not be subject to the Grievance Procedure by retired teachers.

- 4) Those employees hired after July 1, 2016 who retire will not be eligible for this

benefit but may continue with applicable District insurance by paying the current COBRA rates minus PSERS subsidy payment they are entitled to.

- I. The insurance benefits described in this Article shall be improved by the Board to be equal to any insurance benefits which may be agreed upon by the Board as a result of contract negotiations with any other School District bargaining unit during the term of this agreement. Such improved benefits, if any, will be applicable to this Contract on the same date as they become effective in the Board's contract with any other School District bargaining unit.
- J. Those employees who opt out of health insurance coverage with the District will have the right to receive \$960 per year, provided that this benefit shall only be available to employees who are not on the District's health insurance either through individual or spousal or family coverage through a spouse. Payments will be made in June of each year to those employees who have not had healthcare coverage for the entire fiscal year.

ARTICLE XIII GRIEVANCE PROCEDURE

A. Definitions:

1) A grievance is a claim by one or more teachers of a violation, a misapplication, or a misinterpretation of this contract, or rules, regulations and/or policies which pertain to teaching conditions, teacher hours, teachers' salaries and fringe benefits which are not superseded by this contract. The grievance will specify the part of the contract, or rules, regulations and/or policies which pertain to teaching conditions, teachers' hours, teachers' salaries, and fringe benefits.

2) The term teacher includes any individual or group of individuals within the bargaining unit.

3) The term days, when used in this Article, shall be school teaching days. During the summer recess, the term shall mean weekdays.

- B. The purpose of these grievance procedures is to settle equitably, at the lowest possible administrative level, issues which may arise from time to time with respect to specific claims of violation, misapplication, or misinterpretation of the terms of this contract, rules, regulations, and/or policies which pertain to teaching conditions, teachers' hours, teachers' salaries, and fringe benefits. Both parties agree that these proceedings shall be kept as confidential as may be appropriate at each level of the procedure.
- C. Nothing herein contained shall be construed to prevent any individual teacher from presenting a grievance and having the grievance adjusted if not inconsistent with the terms of this agreement and the Association has been given an opportunity to be present at such an adjustment.

- D. There shall be established by the Association a Central Grievance Committee (CGC) which shall consist of no more than four (4) teachers selected by the Association. This committee shall represent the Association at the second, third and fourth levels of this procedure.
- E. The Board shall create a Board's Appeal Committee consisting of the Superintendent and/ or other administrative staff members. The Board's Appeal Committee will be used at the second level of these procedures.

F. Procedures:

- 1) The number of days indicated at each level should be considered as maximum and every effort should be made to expedite the process. The time limits may be extended by mutual consent in writing by the authorized representatives of each party. At Level Three and above, grievant's counsel may be present.
- 2) Hearing shall be held after normal school hours.
- 3) Persons proper to be at hearings from Level Two on are defined as the grievant, the Central Grievance Committee, Board's Appeal Committee, witnesses and a designated representative of the Board and the Association.

Level One

A teacher with a tentative grievance may initiate this procedure in one of the following ways:

- a) He may approach the immediate supervisor concerned and discuss the matter in his own behalf.
- b) He may request that a representative of the Association accompany him in approaching his immediate supervisor. In such case, the supervisor shall not initiate any consultation with the grievant prior to any scheduled meeting at which the representative is to be present.
- c) In the event that steps "a" or "b" are unsuccessful, the teacher may file a formal grievance in writing on a form provided by the Human Resources Department. This form is shown in the Appendix 7 of this contract. This grievance shall be filed in quadruplicate with one copy for the Association, one copy for the grievant, one copy for the immediate supervisor, and one for the Human Resources Department. A formal grievance shall be filed as soon as possible, but in no event longer than ten (10) days after disclosure of the facts giving rise to the grievance. Within five (5) days of the filing of the formal grievance in writing a meeting shall take place between the immediate supervisor, the grievant, and the Association representative and an answer to the grievance shall be given to the grievant in writing within five (5) days after the meeting.

Level Two

If the grievance is not settled at Level One, the Association may, within five (5) days after said decision, notify the Director of Human Resources that it intends to appeal the grievance, stating the grounds for such an appeal. The Director of Human Resources shall, within five (5) days after receipt thereof, convene a Level Two meeting between the Central Grievance Committee and the Board's Appeal Committee. The Board's Appeal Committee shall give a written decision on the grievance within five (5) days thereafter and deliver it to the grievant and the Association.

Level Three

If the grievance is not settled at Level Two, it may, within five (5) days after receipt of the Level Two decision by the grievant and the Association, be appealed to the Board by filing a written notice with the Superintendent stating the grounds for appeal. A meeting with the Board shall occur within twenty (20) days following receipt of such notice, and the Superintendent shall promptly notify the grievant and the Association of the date, time, and place where such appeal will be heard. The Board's written decision shall be transmitted to the grievant and the Association within seven (7) days after the hearing.

Level Four

Within five (5) days of receipt of the decision at Level Three, the grievance may be submitted to arbitration.

- a) The parties will select an arbitrator according to the provisions of the "Public Employee Relations Act." The arbitrator shall render his decision in writing and both parties agree to be bound by the award of the arbitrator and agree that judgment thereon may be entered in any court of competent jurisdiction.
- b) The Board and the Association agree that neither party shall be permitted in arbitration hearings to assert any ground or to rely on any evidence not disclosed to the other party prior to such hearings.

G. Miscellaneous Items Concerning the Grievance Procedure

- 1) If any teacher for whom a grievance is sustained shall be found to have been unjustly discharged, he/she shall be reinstated with full reimbursement of all compensation lost. If he/she shall have been found to have been improperly deprived of any professional compensation or advantage, the same or its equivalent in money shall be paid to him/her. No professional employee shall receive a disciplinary suspension or reprimand, or be discharged, without just cause.
- 2) No reprisals of any kind shall be taken by or against any participant in the Grievance Procedure by reason of participation in this procedure.

3) Subject to Act 195, and upon the filing of a formal grievance pursuant to paragraph (c) at Level One, the Association shall have the right to have a representative present at all subsequent grievance hearings to state the Association position with regard to the grievance.

4) In the event that a grievance is not processed to the next step in the Grievance Procedure within the time limits provided, it shall be considered closed and not further appealable. The time limits of any level of the Grievance Procedure may be extended by mutual agreement of the parties.

ARTICLE XIV MISCELLANEOUS PROVISIONS

- A. The agreements in this Contract shall supersede any rules, regulations, or practices of the Board which are contrary to or inconsistent with the terms recorded herein. Any individual contract between the Board and an individual teacher shall be consistent with the terms and conditions of this agreement. If an individual contract made subsequent to this agreement contains any language inconsistent with this agreement, this agreement shall prevail.
- B. If any provisions of this agreement or any application of this agreement to any employee or group of employees is held to be contrary to law, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.

District expects teachers to wear appropriate attire including but not limited to suits, sport jackets, pant suits, slacks, blouses, dresses, skirts, shirts. Ties are optional. Vocational teachers and physical education teachers are to wear attire appropriate for the learning/teaching environment and for matters related to safety.

- K. The District will establish a non-elective employer contributory 403B Plan with no cash option for retirees.
- L. The parties agree to establish a joint committee to study coaching and extra-curricular salary schedules in order to make recommendations for adjustments to be considered when the current contract expires. This does not preclude the parties from agreeing to add new positions during the life of the agreement.
- M. The District may offer special retirement incentives in addition to those provided by the contract.

APPENDIX 8

N.B. #27.0 March 12, 1992 Board Meeting

**MEMORANDUM OF AGREEMENT
CONCERNING THE INTERPRETATION OF ARTICLE IV-G
OF THE BARGAINING AGREEMENT**

ERIE SCHOOL DISTRICT - EEA

APRIL 1991

It is now agreed by and between the School District of the City of Erie, hereinafter referred to as "School District," and the Erie Education Association, hereinafter referred to as EEA, as set forth below:

The purpose of this Memorandum of Agreement is to clarify the existing language concerning the theft and vandalism of personal property as set forth in Article IV-G of the bargaining agreement. This agreement does not alter or change the existing provisions of this article in any respect. The parties agree as follows:

- 1) There will be no coverage for personal motor vehicles under the provisions of Article IV-G which are used for commuting purposes to and from work. There will be no coverage for motor vehicles for theft or vandalism which occurs while the employee is receiving a mileage rate. The only instance where vandalism to a motor vehicle will be covered is if the employee has the specific permission or direction of the employee's immediate supervisor to use their vehicle for School District purposes and the employee is not reimbursed for mileage. The maximum amount of vandalism coverage will be the amount of the deductible under the insurance policy which covers the vehicle but the School District can never be obligated to pay more than two hundred fifty dollars (\$250.00) for any single act of vandalism notwithstanding the existence of insurance coverage or the amount of the deductible. For example, if the vandalism does damage in the amount of three hundred dollars (\$300.00) and the insurance deductible is one hundred dollars (\$100.00), the School District's liability is one hundred dollars (\$100.00). If there is no insurance at all, the maximum liability is two hundred fifty dollars (\$250.00).

It is specifically agreed that the "no commuting coverage" exclusion set forth above will not apply to the two (2) nights per year when bargaining unit members are expected and required to go to school for parent-teacher conferences or the open house. Vandalism damage within the existing parameters will be available for these two (2) nights as a special exception.

- 2) While personal property is the responsibility of the individual, there will be no coverage for theft or vandalism to wearing apparel, so long as common sense is utilized and so long as the loss or vandalism is unavoidable notwithstanding the exercise of common sense. Extravagant articles of apparel will not be covered. Jewelry must always be kept on the person except in unusual circumstances where it should be kept in a safe place.
- 3) Employees should always keep their wallets on their person or in a secure place at all times. Employees should never leave their purses or wallets in view in any place where they would be susceptible to theft. Common sense should always be exercised. In the event that a wallet or purse is stolen notwithstanding the exercise of common sense, lost credit cards will not be covered and the maximum cash that will be covered will be fifty dollars (\$50.00).
- 4) Personal property used by the employee in the performance of his or her duties will be covered only when said personal property is registered with the employee's supervisor and common sense precautions are taken to safeguard said personal property. For instance, if a camera or a VCR is taken to school by an employee for educational purposes, the equipment must be safeguarded at all times, including locking it in a secure area, if available. To register property, the attached form must be completed by the employee and executed by employee's supervisor.
- 5) The term "verified by the Principal" does not mean that the Principal should have been present when the theft or vandalism occurred. If employee is reimbursed under any policy of insurance, the School District shall only be responsible for the deductible.
- 6) The \$21.20 loss for grievance #89-5 will be deemed a cost of the arbitration and be borne equally by the parties.

**MEMORANDUM OF AGREEMENT
CONCERNING THE INTERPRETATION
OF ARTICLE IV-B
OF THE BARGAINING AGREEMENT**

SCHOOL DISTRICT OF THE CITY OF ERIE - ERIE EDUCATION ASSOC.

It is now agreed by and between the School District of the City of Erie, hereinafter referred to as "School District," and the Erie Education Association, hereinafter referred to as "EEA", as set forth below:

The purpose of this Memorandum of Agreement is to clarify the existing language concerning pre-approval and types of credits approved beyond a Masters Pay Group up to the maximum of sixty (60) credits as set forth in Article IV-B of the bargaining agreement. This agreement does not alter or change the existing provisions of this article in any respect. The parties agree as follows:

Reimbursement according to Article IV-B for credits earned beyond a Masters Pay Group up to a maximum of sixty (60) credits shall, with pre-approval, be granted for any and all courses that enhance a bargaining unit members' academic, professional and personal growth.

It is specifically agreed that such courses must have relevance to a bargaining unit members' current assignment or certification(s) and such courses that shall lead to other areas of certification. The definition of area of bargaining unit members' assignment or certification shall be any component of the education professional as it relates to the current job title or description of the educator or to any area of certification listed on the educators' Pennsylvania certification or to any type of certificate or endorsement held by the educator.

Such courses shall be collegiate study (undergraduate/graduate) or professional education courses approved by the Pennsylvania Department of Education that are approved for in-service credit. In no way is this paragraph intended to exclude the types of courses approved for reimbursement prior to the 1997-98 school year.

Bargaining unit members denied pre-approval for any course that does not meet the above-referenced criteria shall be given the opportunity to present to the committee set forth in Article IV Section B reasons as to why their course has merit and should therefore be approved.

The committee in making their decision shall not do so in an arbitrary or capricious manner.

This Memorandum of Agreement shall be made effective retroactive to July 1, 1997.

Employees may petition for approval of courses that were taken after July 1, 1997 that were denied or held. All courses taken that comply with this memorandum shall be approved and compensated as set forth in Article IV Section B.

This is not a contract. This benefits summary presents plan highlights only. Please refer to the policy/ plan documents, as limitations and exclusions apply. The policy/ plan documents control in the event of a conflict with this benefits summary.

- (1) Your group's benefit period is based on a Calendar Year which runs from January 1 to December 31.
- (2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense.
- (3) Services are provided for acute care for minor illnesses. Services must be performed by a Highmark approved telemedicine provider. Virtual Behavioral Health visits provided by a Highmark approved telemedicine provider are eligible under the Outpatient Mental Health benefit
- (4) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (5) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's prescription drug program.
- (6) Highmark Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered.
- (7) The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. This formulary covers all FDA-approved generic and brand-name drugs. Under the hard mandatory generic provision, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand drug copayment plus the difference in cost between the brand and generic drugs. Your plan requires that you use a specific specialty pharmacy for hemophilia medications. Please contact member services for more details.
