Dear Parent/Guardian of Early Intervention Eligible Child,

Effective July 1st, 2025, Erie's Public Schools will no longer be the service provider for your child's Early Intervention services. The IU5 will be assuming the provider role for students residing in the Erie's Public Schools attendance area who are eligible for Early Intervention services, as they do for all of Erie County. Your child will continue to receive the services as indicated on their IEPs. The IU5 will be reaching out to you soon with further information regarding your child's Early Intervention services.

If your child will be transitioning to Kindergarten, Erie's Public Schools is and will remain the entity responsible to ensure a successful transition to school aged services for your eligible child. If you have any questions, please contact Erie's Public Schools Special Education Department at 814 874-6050.

Thank you.
