

PARENTAL CERTIFICATION OF STUDENT’S UNMET NEED WHILE OFF CAMPUS

Periodically Erie’s Public Schools receives funding for technology equipment contingent on various criteria. In 2022-23, a portion of the devices purchased for student use are intended for those students who would not otherwise have access to their own dedicated computer to engage in homework and remote instruction.

_____ I certify that the following student does not have a sufficient computer, dedicated for their personal use, to engage in remote learning when not physically attending school.

- **Sufficient Computer** refers to a laptop, desktop or tablet that the student can use whenever they need to complete homework or attend online classes. A smartphone is not considered a computer.
- **Remote learning** includes off-campus educational activities while the student is not physically in a school building. Homework and virtual online classes are both considered remote learning.
