Making the Right Investments

Directions: Reread your vision statement that you completed during your study of Life Lesson 1 and make a list of your goals below. Once you list your goals, think about how you will achieve them. What are some activities that you might invest your time, effort and money in so that you will make progress towards achieving your goals?

Goal #1:

How will you invest your time, effort, and money so that you will make progress towards achieving your goals?

Goal #2:

How will you invest your time, effort, and money so that you will make progress towards achieving your goals?

Goal #3:

How will you invest your time, effort, and money so that you will make progress towards achieving your goals?

Goal #4:

How will you invest your time, effort, and money so that you will make progress towards achieving your goals?

WORKSHEETS – LESSON 5: RESOURCEFULNESS

Goal #5:

How will you invest your time, effort, and money so that you will make progress towards achieving your goals?

Goal #6:

How will you invest your time, effort, and money so that you will make progress towards achieving your goals?

Goal #7:

How will you invest your time, effort, and money so that you will make progress towards achieving your goals?
