

## Number Gymnastics Game

Children identify a number given its digits and follow instructions to change the number in various ways.

1.

I am thinking of a number with a 1 in the first digit, the tens place and a 4 in the second digit, the ones place.

\_\_\_\_\_

What is the number if you reverse it?

\_\_\_\_\_

What number comes before that number?

\_\_\_\_\_

2.

I am thinking of a number with a 8 in the first digit, the tens place and a 2 in the second digit, the ones place.

\_\_\_\_\_

What is the number if you reverse it?

\_\_\_\_\_

What number comes before that number?

\_\_\_\_\_

3.

I am thinking of a number with a 6 in the first digit, the tens place and a 9 in the second digit, the ones place.

\_\_\_\_\_

What is the number if you reverse it?

\_\_\_\_\_

What number comes after that number?

\_\_\_\_\_

4.

I am thinking of a number with a 4 in the first digit, the tens place and a 7 in the second digit, the ones place.

\_\_\_\_\_

What is the number if you reverse it?
