

We are continuing working on subtracting 10 to a 2-digit number. Today we began using our number grid to do this. We compared the number of squares on a number grid row to a base-10 long. They both have 10. While completing this homework, help your child understand that when they subtract 10 they move up a row on the number grid because each row has 10 squares.

Use the number grid below to find the sums.

-9	-8	-7	-6	-5	-4	-3	-2	-1	0
1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100
101	102	103	104	105	106	107	108	109	110

$34 - 10 = \underline{\quad}$        $59 - 10 = \underline{\quad}$        $70 - 10 = \underline{\quad}$

$83 - 10 = \underline{\quad}$        $14 - 10 = \underline{\quad}$        $27 - 10 = \underline{\quad}$

$41 - 10 = \underline{\quad}$        $20 - 10 = \underline{\quad}$        $88 - 10 = \underline{\quad}$
