

Family Note

Have your child show you how to complete the number-grid puzzles. Encourage him or her to explain patterns on the number grid that are helpful for solving the problems. For example, if you move up one row, the digit in the 10s place is 1 less.

Please complete and return to school tomorrow.

Directions: Show someone at home how to fill in the missing numbers.

1.

47		

2.

	79	

Review: Subtract

$$5 - 1 = \underline{\quad} \quad \underline{\quad} = 4 - 0$$

$$\begin{array}{r} 3 \\ - 3 \\ \hline \end{array}$$

$$\begin{array}{r} 6 \\ - 1 \\ \hline \end{array}$$
