

Number Stories: Time

Use your clock to help you solve these problems.

1. Sam leaves to play chess at 11:15 and returns at 12:40. How long has he been gone?

2. Maria rides her bike 23 miles. She rides from 10:35 A.M. until 1:25 P.M. How long does it take her to ride 23 miles?

3. Leo leaves for school at the time shown on the first clock. He returns home at the time shown on the second clock. How long is Leo away from home?

4. Tiana leaves for summer camp at 2:30 P.M.. It is 9:15 A.M. How long will it be before Tiana leaves for camp?

Explain how you figured out the answer.
