

Family Note:

Students are currently learning that a teen number is made up of ten and some more. It is important for students to understand this concept, because it begins the understanding of place value.

Please return this Home Link to school tomorrow.

Directions: Use the double ten-frame to show the number. Write the numbers below.

1. Show 19.

_____ and _____ is _____

2. Show 11.

_____ and _____ is _____

3. Show 16.

_____ and _____ is _____
