

Family Note

We are working on solving number models like $7 - 5 = \underline{\quad}$ by counting on a number line. Have your child show you how we practiced in class. Make sure your child is moving backwards when they begin to solve.

Please complete and return to school tomorrow.

Directions: Use the number line to solve.

1. Start at 3. Count back 2 hops. Where do you end up?

$$3 - 2 = \underline{\quad}$$

2. Start at 7. Count back 5 hops. Where do you end up?

$$7 - 5 = \underline{\quad}$$

3. Start at 9. Count back 2 hops. Where do you end up?

$$9 - 2 = \underline{\quad}$$

4. Start at 16. Count back 4 hops. Where do you end up?

$$16 - 4 = \underline{\quad}$$

5. $6 - 5 = \underline{\quad}$

6. $17 - 3 = \underline{\quad}$
