

**Family Note**

We are working on using complements of ten to subtract. Solve the problems below using the ten frame.

Directions: Use the ten frame to solve. Place counters on the ten frame to show how many you are taking away and then **see how many are left to make ten**. Students may use pennies, cheerios, etc. as counters.

1.  $10 - 5 =$  \_\_\_\_\_

2.  $10 - 9 =$  \_\_\_\_\_

3.  $10 - 4 =$  \_\_\_\_\_

4.  $10 - 7 =$  \_\_\_\_\_

5.  $10 - 3 =$  \_\_\_\_\_
