

Home Link 8-8 Place Value

Family Note: Your child is learning a method for addition that focuses on place value.

Find $68 + 24$

10s	1s
6	8
+ 2	4
8	0
+ 1	2
9	2

Add the tens ($60 + 20 = 80$) and write the sum

Add the ones ($8 + 4 = 12$) and write the sum

Combine the tens and ones ($80 + 12 = 92$) to find the final sum.

Encourage your child to use the correct place-value language when using this method. For example, when adding tens in the examine, say “ $60 + 20 = 80$,” not “ $6 + 2 = 8$.” We only recently introduced this method, so allow plenty of time for practice before expecting your child to be able to use it easily.

Please return this Home Link to school tomorrow.
