

Finding Unknown Angles

Find the missing angle measurement in the following complementary angles.

1. Angle ABC is 65°

What is its complement? _____

2. Angle DEF is 32°

What is its complement? _____

3. Angle GHI is 6°

What is its complement? _____

4. Angle JKL is 85°

What is its complement? _____

5. Angle MNO is 89°

What is its complement? _____

6. Angle PQR is 26°

What is its complement? _____

Find the missing angle measurement in the following supplementary angles.

7. Angle STU is 165°

What is its supplement? _____

8. Angle VWX is 15°

What is its supplement? _____

9. Angle YZA is 80°

What is its supplement? _____

10. Angle BCD is 115°

What is its supplement? _____

11. Angle EFG is 77°

What is its supplement? _____

12. Angle HIJ is 111°

What is its supplement? _____
