

Name _____

Date _____

Time _____

Add or Subtract Using an Algorithm

Study Link

R-3

Add or subtract mentally or with a paper-and-pencil algorithm.
Pay attention to the + and - symbols.

Example: $3.04 + 2.8 = \underline{5.84}$

1. $2.05 + 1.83 = \underline{\hspace{2cm}}$

2. $2.4 + 0.26 + 3.01 = \underline{\hspace{2cm}}$

3. $2.31 - 1.88 = \underline{\hspace{2cm}}$

4. $18 + 2.9 = \underline{\hspace{2cm}}$

5. $2 - 0.67 = \underline{\hspace{2cm}}$

6. Choose one of the problems from above. Explain the method you used to solve the problem.
