**Classroom Sample:** (includes color picture, sentences starters and options) Options can be covered with a strip of paper or sticky note when working with a group of student who don't need that support, and then uncovered for students who need the options.

**Level 1 Cut and paste journal:** For non-writers and readers. Students should color picture based on example (selecting the right color and making a mark on the paper is completely acceptable) and trace the title of the story to the best of their ability. Students will read each sentence with their staff member and/or use their device or voice to speak each sentence. Student will choose from two picture options cut from the bottom of the page (can be errorless depending on pictures staff wants to give as options) to then paste to complete the sentence.

Name _____	Date _____
	
Giraffe	
I see the	creature giraffe mammal
It has	a long neck spots horns
A giraffe eats	leaves fruit twigs
The giraffe is	tall brown yellow
<small>© Brandy Stewart Co.</small>	

**Level 2 Tracing journal: 2 tracing options, one dotted and one solid gray font:** The picture is in black and white for students to color and then a box for them to draw their own pictures. It does not have to be perfect! (Ex. A rectangle for a pool, a circle for a sun.) Sentences starters are in a tracing font and includes word choices on the journal so that students can circle and copy the one word to complete each sentence.

Name _____	Date _____
Safari Animal Journal

_____	
<small>© Brandy Stewart Co.</small>	

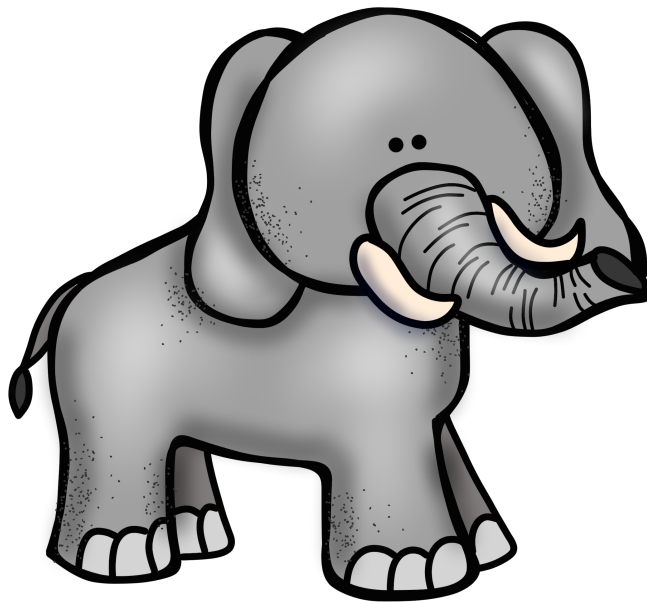

*One page with all of the picture choices is available for students who need the additional visuals with their choices*

**Level 3 Copying Journal:** Students will draw the picture in the blank space and write the sentences from the classroom sample on the lines. For my students who are still learning to space their words, I draw lines on each line for each word.

Wait, where do I find that?

- P4-13: Classroom Sample Journals
- P14-23: Level 1 Journals
- p24: Visuals for Level 2 or 3
- P25-34: Level 2 Journals – dotted trace font
- P35-44: Level 2 Journals – gray solid trace font
- p45: Level 3 journal with 4 lines
- p46: Level 3 journal with 5 lines (for students who need more room and start one sentence after the other, instead of going to the next line)
